Any deviations from specifications must be clearly noted in detail and submitted in writing on a separate document (if additional space is needed) with the bid. Failure to submit document of specification deviation, if applicable, shall be grounds for rejection of the bid and/or rejection of the item when offered for delivery.
3. HOW TO SUBMIT BID PROPOSALS:

A written determination justifying the manner of award or rejection of bids must be submitted to the Mayor and the City Council.
3. **RESIDENT BUSINESS PREFERENCE:** Louisiana resident businesses shall be preferred to nonresident businesses where there is a tie bid and where there will be no sacrifice or loss in quality, unless the work or procurement is funded all or in part by Federal Funds.

1. Each bid must be accompanied by a CERTIFIED CHECK, CASHIER'S CHECK OR BIDDER'S BOND in an amount equal to not less than five percent (5%) of the total bid **or in the dollar amount as required in the Specifications** and made payable to the City of Lake Charles. Checks or Bid Bonds of the unsuccessful bidders will be returned once their bids have been rejected. 2. **PERFORMANCE AND PAYMENT BONDS:** The necessary performance and/or payment bonds shall be supplied when required, if called for in the specifications. The specification will state whether a BID BOND or PERFORMANCE AND PAYMENT BONDS and/or both is required. All bonds are subject to the approval by the City of Lake Charles.
4. **DELIVERY DEFAULT:** Forfeiture of the successful bidder's cashier's check or certified check could result upon failure to deliver by firm delivery date quoted in bid unless extension of time is approved by the Mayor. If a bid bond is furnished, and the contractor fails to deliver by firm delivery date quoted in bid (unless extension of time is approved by the Mayor), the contractor will make payment in the amount of five percent (5%) of his bid price, within fifteen (15) days after written notice is given. Should it be necessary to file suit for collection thereof, attorney's fees in the amount of twenty-five percent (25%) of the amount of the bid bond shall be due and payable.

I. **BID EVALUATION AND AWARD**

1. **GENERAL:** The contract will be awarded to the lowest responsible and responsive bidder whose proposal meets the criteria and requirements set forth in the Invitation for Bids, and which is acceptable to the City. The City reserves the right to award items separately, grouped or on an all-or-none basis and to reject any or all bids. Each and every bid shall be evaluated based upon the proposed product price, specification, product support, performance characteristics, and suitability, in the opinion of the City to properly perform the tasks required. Final determination based upon previously stated criteria of purchase award, is to be the sole discretion of the Lake Charles City Council.
2. **BRAND NAMES:** In compliance with State of Louisiana Public Bid Law, Act No. 803, Section 2212.1(C), it is understood that if in the specifications, the name of a certain brand, make manufacturer, or definite specification is utilized, that these are used only to set forth and convey to prospective bidders the general style, type, character, and quality standard of product desired. Use of the aforementioned name or names does not restrict bidders to a specific brand, make, manufacturer or trade-mark. Compatible products deemed to be equivalent by the City may be acceptable.

Notwithstanding that the words "or equal", or other such expressions may be used in the specifications in connection with a material, manufactured article or process, the material, article, or process, specifically designated shall be used unless a substitute shall be approved in writing by the Project Engineer or Purchasing Manager as specified herein, and the Project Engineer or Purchasing Manager shall have the right to require the use of such specifically designated material article or process.

In other words, any proposed substitutions submitted shall include the cost of any necessary structural, mechanical, electrical, and other changes in the project necessary to substitute the proposed material, software, product or equipment for a complete installation as shown or set up in the proposal.

Material or equipment which differs from that specified in these documents must have the written approval of the Project Engineer or Purchasing Manager. If such substitutions are approved and accepted by the Project Engineer or Purchasing Manager, all necessary changes in the drawings shall be the responsibility of the Contractor and the Contractor will pass all savings on to the Owner.

4. STATE PREFERENCE: Preference shall be given in accordance with the prevailing Statutes under Title 38, as follows, unless using Federal Funds for procurement, in which case the following shall not apply.

- a) Additional purchase of repair/replacement parts for the low bid item as opposed to an existing inventory of parts for a higher bid item.
 - b) Greater service costs for the low bid item.

8. Pursuant to R.S. 39:1701-1709, any public procurement unit may participate in a cooperative purchasing agreement ("piggyback") with the City of Lake Charles, LA to acquire additional quantities of the listed items under a contract with the City of Lake Charles, LA for items awarded by public bid.
