## **SECTION II - SCOPE OF SERVICES**

### 1. Background

In March 2018, the City implemented a managed clothing policy for eligible Public Services Area employees to support consistent employee identification, safety compliance, and administrative efficiency in uniform distribution. The program has continued as a tiered managed clothing program, with eligibility and clothing allowances based on job classification, work performed, applicable City policy, and any related labor agreements or memoranda of understanding. The City is seeking a qualified direct purchase uniform and work apparel vendor to support approximately 213 participating Public Services Area employees. This number is approximate and may increase or decrease during the term of the agreement due to new hires, retirements, employee separations, transfers, changes in job classification, unit reorganizations, or updates to the City's Managed Clothing Program Policy.

The contract may also be used by other participating City units that are covered by, or otherwise authorized to participate in, the direct purchase portion of the Managed Clothing Program. Participating units shall be responsible for funding purchases for their respective employees, subject to available budget and applicable City approvals.

The selected vendor must be able to provide new, high-quality embroidered work clothing for both men and women on an ongoing basis. Clothing shall include, but is not limited to, t-shirts, polo shirts, button-down shirts, Henley shirts, sweatshirts, pants, high visibility apparel, light jackets, winter jackets, flame-resistant (FR) apparel, and arc-rated apparel, as applicable to employee job duties, unit-specific requirements, City policy, and any applicable labor agreement or memorandum of understanding.

The City is interested only in purchasing items. Rental and laundering services are not included in the scope of this RFP.

The City anticipates awarding one agreement for a three-year contract term, with the option to renew for one additional two-year period.

### 2. Objective

The purpose of this Request for Proposal (RFP) by the City of Ann Arbor, Michigan, is to solicit proposals from interested vendors to provide City uniforms for purchase, not rentals or laundering services, and use by the City's Public Services Area, including Public Services Administration, Water Treatment, Water Resource Recovery, Public Works, Solid Waste, Systems Planning, Environmental Services, Transportation, and Engineering.

### 3. Requirements

- A. Program Management:** Eligible employees included in the clothing program will be issued a stipend and/or certain items not included in the stipend, such as jackets, outerwear, and hats, as authorized by the Public Services Area Managed Clothing Program Policy. The Public Services Area Managed Clothing Program Policy is attached as Attachment A. The City desires an online presence that employees can use to manage orders, stipends, and payments. The online ordering presence should be able to show, at a minimum: 1) products available for purchase, 2) current stipend or allowance balance, and 3) order status. If this is not available, a program manager must be assigned to the City in order to ensure prompt customer service and minimal administrative burden for the Contract Administrator and their designee. The City will not be responsible for monitoring the spending account or allowance balance for each participating employee. The number of employees participating in the clothing program may vary from year to year. Customer service turnaround time shall be forty-eight hours or less for response.
- B. Clothing Specifications:** In lieu of providing detailed clothing specifications, the City intends for each vendor to provide the City with a percentage discount off catalog or listed pricing. Carhartt apparel, or equivalent work apparel, and related pricing is preferred. All apparel shall be new, unused, and not previously sold to another customer. The City's catalog will include apparel in the colors of black, navy blue, and heather gray only, unless otherwise approved by the City. Clothing shall be free of defects in material and workmanship. Flame-resistant (FR) clothing and arc-rated apparel must comply with applicable safety requirements for the intended work use. The vendor's pricing shall be inclusive of all sizing requirements. If there are additional charges for specific sizing, including extended, tall, women's, or specialty sizing, those charges must be clearly identified in the fee proposal.
- C. Quantity:** Approximately 213 Public Services Area employees will fall under this contract, requiring uniform and work apparel purchases. This number is an estimate only and may increase or decrease during the term of the agreement due to new hires, retirements, employee separations, transfers, changes in job classification, unit reorganizations, or updates to the City's Managed Clothing Program Policy. A smaller subset of employees may require flame-resistant (FR) or arc-rated apparel based on job duties, unit-specific requirements, City policy, or applicable labor agreements or memoranda of understanding. The City's preference is to have standard work apparel and FR or arc-rated apparel available through the same vendor. This is an estimated annual usage only, and nothing herein shall bind the City to purchase any specified amount of product or products. It is further understood that the City shall not be obligated to purchase or pay for any product covered unless and until ordered and received in good condition by the City. The City may increase or decrease the number of uniforms, employees, or available product categories as it deems necessary during the life of the

contract. No minimum order quantity of products shall be required under this contract.

- D. City Logo & Embroidery:** The City logo is included in this RFP as Attachment H. When a City logo is required on a garment, the City will provide the selected vendor with a digital file of the City logo. The City may require logos to be embroidered in full color or in single-color white threading, depending on the garment and program needs. The City does not currently use patches for this program. Only the embroidery of the City logo is required unless otherwise approved by the City. All shirts, sweatshirts, and outerwear must include the embroidered City logo. The City logo shall be placed on the left breast pocket area. If the garment does not have a pocket, the logo shall be placed in the approximate location of the left breast pocket.
- E. Catalogs:** Each vendor shall submit with its proposal catalogs, descriptive literature, designs, and other necessary information to fully describe the material or apparel proposed to be furnished. The catalog shall include, or be accompanied by, a detailed sizing chart for the items included in the catalog. The selected vendor shall work with the City to establish and maintain a catalog of approved items available through the City's Managed Clothing Program. An updated catalog shall be provided, either in print or as an electronic document, at the beginning of each calendar year during which this agreement is in place.
- F. Warranty:** The vendor warrants that all goods and services furnished to the City shall be in accordance with specifications and free from defects in workmanship and materials; that goods furnished to the City shall be merchantable and fit for the City's described purposes; and that no governmental law, regulation, order, or rule has been violated in the manufacture or sale of such goods.

The vendor shall provide information on its return and refund policy, including how the policy applies to embroidered and non-embroidered items. At a minimum, if an article of clothing is delivered damaged or is a different item, size, color, or other specification than requested by the City, and the City notifies the vendor within thirty (30) days after delivery, correction, repair, or replacement shall be performed by the vendor at no additional charge to the City, including any related shipping costs.

- G. Pricing:** The vendor shall provide pricing as a discount off catalog or listed pricing. Vendors shall include any additional optional costs in their proposals, including but not limited to embroidery, rush orders, shipping, alterations, sizing, oversize sizes, tall sizes, women's sizing, and any other specialty sizing. The vendor shall clearly identify whether any fees or charges are included in the catalog price or charged separately. The City must be notified at least thirty (30) days prior to the effective date of any change to catalog/list pricing.

- H. Billing:** The following information shall be provided on each invoice: Public Services Area unit, employee name, item description, quantity, unit price, applicable discount, embroidery or other additional charges, shipping charges, and total cost. Units may include, but are not limited to: Public Services Administration, Water Treatment, Water Resource Recovery, Public Works, Solid Waste, Systems Planning, Environmental Services, Transportation, and Engineering. Duplicate shipping statements or packing slips shall be provided with invoices.
- I. Packaging and Delivery of Orders:** Employees participating in the Managed Clothing Program will create individual accounts and place orders directly through the vendor's online ordering system. The vendor's system shall identify each employee's name, unit, approved catalog items, and available stipend or allowance balance, as applicable. The vendor shall individually package and tag or label the items associated with each employee, identifying the employee for whom the order is placed. Delivery tickets, packing slips, or shipping statements shall show the quantity, part number or item description, unit price, total price, employee name, and unit name.

Orders may be shipped directly to employees or to a City-designated delivery location, as determined by the City. If a City delivery location is used, the default delivery location shall be Wheeler Service Center, 4251 Stone School Road, Ann Arbor, MI 48108. Hours of operation are 7:30 a.m. to 3:30 p.m., Monday through Friday, except City holidays. All pricing shall be on an F.O.B. Destination basis and shall clearly identify all delivery, shipping, fitting, return, or other fees. All such fees shall be clearly noted and included in the proposal cost.

All items must be delivered within six (6) weeks of the order date unless otherwise approved by the City. The City will accept late delivery on backordered items only if notification that an item is on backorder is sent to the appropriate employee or City contact within seven (7) calendar days of order placement. Substitutions for unavailable, discontinued, or backordered items shall require prior City approval.

- J. Replacement Items:** If a manufacturer discontinues a garment specified or approved under this contract during the period of the contract, the vendor shall identify another garment of equal or greater quality for possible substitution. Any replacement or substitute item must be approved by the City prior to use.
- K. Consultant's Proposal:** In keeping with the objective, the description, the requirements, and the consultant's tasks as previously indicated in this Request for Proposal, the consultants submitting proposals shall outline in detail the manner in which the consultant shall work with the City to fulfill the City's needs.

The City reserves the right to reject any proposal that it determines to be unresponsive and deficient in any of the information requested for evaluation.
