Attachments:

1. General Requirements: Supply, Quality Control, Alterations.

Thank you for your interest in this project.

ADDENDUM #1 Bid2027-234 Police Personnel Uniforms

I. General Requirements

A. Supply

1. The vendor business must be located within reasonable driving distance of the State of Rhode Island, have a storefront and be readily available during normal business hours, or the ability for on-site fitting and delivery services to the police department.
2. The vendor will be responsible for all sewing unless otherwise noted.
3. All items will be reasonably made available to the department from the initial time of order.

B. Quality Control

1. The vendor will ensure that no product other than that specified is supplied without specific written approval of the department.
2. The vendor will make specified products available for inspection by the department upon request.

C. Alterations

1. The bid price will include the cost of all the requirements for each specified item and necessary alterations.
2. The vendor will be responsible for any and all alterations mutually acceptable to both parties at the time of purchase to ensure proper fit.

II. Performance Requirements

A. The following criteria will be used to determine vendor compliance:

1. Adherence to the bid price.
2. Product quality as specified.
3. Section I in its entirety.
4. All applicable requirements as detailed in the bid documents and city and state law.
5. Whenever practicable, preferences will be given to bidders that bid on all or most of the items.
